

Remarks/Conclusion:

In reviewing these amendments to the claims, please note that these are submitted for the purposes of clarity and completeness and not to add any new matter to the patent application. The basis for these additions is contained in the patent specification as submitted in paragraphs 003 to 039 of the patent application, as well as other areas of the patent application.

In conclusion, kindly revise the above referenced patent application to include the above amendments to the claims.

Thank you very much for your attention to these matters and continued attention to this patent application. If you have any questions or comments, please do not hesitate to contact the undersigned.

Sincerely,

Hankin Patent Law, A Professional Corporation
